

# HIGH COAST KAYAK

EXPERIENCE THE HIGH COAST FROM THE SEA

## Rental terms

We at High Coast Kayak/High Coast Experience have paddled ourselves and provided service to other paddlers in the High Coast for twenty years without serious accidents, neither material nor personal. We would like it to continue this way. We do what we can for your tour to be both enjoyable and safe. Our advice, building on our long experience, are, though, just advice. In the end it is the paddler/the group themselves that takes the decisions, and therefore have the responsibility for their tour: when can you paddle, when should you not paddle, to instead wait for calmer weather, or conclude that it will not be possible to reach the point aimed for, and then call us to discuss a different plan for uptake. We also wish to beforehand know what kind of tour you plan, and that you report major changes of plan to us also while out (for example regarding change of uptake place). We have a few conditions that apply for those who wish to paddle with our kayaks:

The renting party/customer:

- Must know how to swim (400 meters)
- Agrees to always have a life jacket on while paddling
- Is aware that the responsibility for the tour is on the kayaker him/herself – paddling is at your own risk
- Will carry at least one functioning mobile phone, packed water proof, to if needed call us, or in emergencies Sea Rescue (via nr 112)
- Wipes off the kayaks inside and outside before returning
- Assists at loading/unloading of kayaks
- Follow the basic [rules at sea](#), and [Allemansrätten/Right of Public Access](#)

We, High Coast Kayak:

- Ensure the equipment is in good condition for your rental
- Are available for discussion and advice per phone , SMS or mail during the time when kayak customers are out; mostly but not always with direct response, but always response the same day

The above terms are agreed to :
